3 CONSERVATION

[illegible]

If Yes please indicate on the plan where you feel this Map a b c d e f g h i j k n o
would be best placed.

4 MANAGEMENT

How do you think the site should be managed?

[illegible]

If by a management team who should make up the team ?

[illegible]

How do you think the site could be maintained i.e. Grass cutting, plant/tree maintenance etc.

[illegible]

By issuing licences to adjoining residents solely to keep their area clear and tidy without restricting	yes	1	1	1	1					1									
	no						1				1								

[illegible]

[illegible]

5 COMMUNICATION

How do you think changes or proposal for the site should be communicated?

[illegible]

6 ABOUT YOU

Do you currently use the site?

[illegible]

If Yes, What do you use it for ?.....

Would changes make you more or less likely to use the site

More		1			1	1	1		1		1	1	1						
Less				1						1	1								

Are you on the Forrabury & Minster Electoral Role

[illegible]

Would you be willing to contribute in some way to:

[illegible]

Other please specify.....

Do you have any other ideas/suggestions?

ACCESS

	a	Paths should not go close to rivers apart from access to Welly path
	c	Zig zag paths so less able bodied/disabled folk can also access
	g	Needs to be safe/secure under foot
	h	either but well defined paths with safety underfoot
	m	Not too defined
	p	Safest way for everyones use
Paths	c	Just away from the banks (they aren't always safe)
	j	Not sure what you mean as it is fine save just a few tweaks
Places to site	a	Anywhere
	c	Don't mind
	e	Can't say without walking the whole route
	g	Current arrangements are fine
	m	Somewhere flat
	p	Where seats should go depends on access from paths
	q	Needs general discussion
River crossings	b	Jordan possibly
	c	I'd go with EA recommendations
	e	Can't say <i>where crossings should</i> be without walking the route
	j	Jordan crossing - Stepping Stones / Butts crossing - Bridge
	o	Stepping stone Jordan Side - Bridge Butts side
	p	Chesapest most suitable safest way
Education	a	Wildlife boards similar to at the Weir Maramchurch
	b	I would ask the head teacher
	c	Don't mind where but safety would be an important for kids. Away from the banks
	e	At either of the picnic bench sites
	f	Clear signage and advice re: No Litter, Barbeques, loud music etc.
	g	No more than there currently is with Castle Site (historic) Valency Valley (Nature Trail) and Historic harbour Boscastle is already well provided
	h	The site is already historically interesting, ares for nature watching and exploring sufficient
	h	Around River Jordan and parts fo Jordan Valley are natural spaces

	J	Don't mind
	k	Only if the school can sustain the area - not a one year project, something ageing
	n	(not safe enough) lots more safer places to explore in Boscastle
	o	There are more than enough places for the school to use and visit which are far safer
	p	School should decide
	q	input from school is priority here
Conservation	g	Area shaded green, either side of River Jordan
	h	"set aside" what does this mean? Is it an EA definition?
	j	All the lower regions and unmown areas
	m	Woodland areas not mown
	p	Areas for wildlife around site where vegetation grows naturally but kept under control
Management	a	<i>Licences</i> Access to licensed areas would have to be restricted
	c	Not solely by Parish Council as it needs so much work
	c	<i>Licences</i> Access has to be controlled (there are security concerns for adjoining residents)
	e	A collection of all interested people
	f	<i>Licences</i> But No Bridges
	g	<i>Licences</i> Allow residents whose land backs on to Jordan Valley to manage weed control etc.
	h	<i>Licences</i> This question presumes Bridge/Stepping stones are in Place!
	n	Maintenance of main site by contractor
	n	<i>Licences</i> as before existing leaseholders
	o	Maintenance of main site by contractor
	o	<i>Licences</i> as before existing leaseholders
	p	depending on money available contractor supported by volunteers
	q	this needs more discussion in detail
Communication	a	Facebook page
	c	email circulation to interested/involved parties
	e	Social media
	g	Letters and Mail shots to local residents
	h	Letters to residents located along the boundary
	j	Village website; via email lists
	m	email
	n	Not everyone reads the blowhole and the ones that do - probably will never even visit

o *Blowhole* - Caused enogh grief already

About you use of site

- a walking
- c Not likely to use it really
- e Walks & Picnics
- f Walking
- g View down the valley
- g *More* if footpath connected across to paths accessing Valency Valley
- h Bring friends to enjoy the view
- j recreation
- k Walking dog
- l Walking
- n As a previous leaseholder keeping it tidy
- n less depending on what was done
- q a little stroll

Other

- a Financial
- c Financial contribution
- e Sadly no time
- j Put up/take down posters

Other ideas / Suggestions

- a Funds from leasing the meadow area could be used to pay for the main castle site
- b Some areas would easily be maintained by goats if you could find anyone who needs grazing land
- c All the moaning wil go away / stop if residents feel you are listening to their concerns
- d Protect all Gunnera
- d The Forrabury drainage river is NOT shown on the accompanying map
- e *Footpaths* Having marker points. With routes shown on boards at entrance to site & Start of walks
- f Footpaths etc. should be Castle Mound and land between Butts and Jordan rivers as shown on map

- g Suggest keeping walker/visitors away from Jordan Valley as river sides are not safe and there are to many holes to catch the unwary
- g Need to avoid this area becoming a haven for anti social behavior(drug taking) and rough sleeping/wild camping
- g Bear in mind natural instinct is to go down hill to find way out. There are no routes at bottom of site, which will encourage some to trespass/force through new paths
- k Built stone BBQ area & Picnic area/ river area
- k School plays etc.

- m I like conservation for wildlife and polinators

- n Extra parking for people wanting to visit?
- n Are local people aware that they may have an increase on their rates- for something they may never use?
- n Surely if existing lease holders are prepared to help by renting back the meadow - this would help the cost of maintaining the castle site

- p Archaeology investigation to find out more history of the site

- q This is an under used asset in the centre of the village close to school and playgroup. Paths, seats and a bridge over the Jordan to begin with will make a this lovely area of benefit to the community and visitors alike as well as being of benefit to the environment generally
